100	Fort Dew Control Point	-180		-720	

Notes					
We use /loc for coordinates - some [M]ap coordinates are greatly out of sync with /loc coordinates!					
Completion rewards: one Clone Credit					
ToO mission objectives are only added to your Mission Log once you've killed one of the targets, or accepted a Control Point Mission. For Example, the first time you kill a Wilderness Thrax after accepting Wilderness ToO, you will get an onscreen message about a new objective, which has just been added to your ToO Mission for Wilderness.					
Control Point Missions are also picked up and returned as individual Missions.					
Please send feedback, updates, errata to: content@giddygamer.com
