Legend

Requirements: Faction, Level, Prerequisites; Unfriendly, Neutral, Friendly, Honored, Revered, Exalted

Quest Chains are numbered. Omitted numbers mean intermediate quests provide NO reputation points for this faction. Unnumbered quests may be optional or are side quests

Locations

The Lich King, Razuvious, Mograine, Thalanor, and Thorval are in Archerus, the Ebon Hold (flying above Tyr's Hand)

Valanar, Salanar, Orithos, Olrun, and Gothic are in Death's Breach, on the ground beneath Archerus.

Prince Keleseth and Baron Rivendare are in the Crypt of Remembrance just north of New Avalon, EPL

Noth the Plaguebringer and his cauldron are in Havenshire Farms just south of Death's Breach (look for pumpkins)

Orbaz Bloodbane and Thassarian are in the Scarlet Tavern in New Avalon Orchard, at the very south end of the new deathknight area.

Koltira Dreamweaver is in the Cellar of the Scarlet Hold - Valroth spawns right next to him

Notes

for Death Comes from On High, simply use the Eye near the Lich King and wait for it to float down to the New Avalon area - once you are given control of the sphere, approach each of the 4 buildings (easily recognisable - and watch for their names to appear on minimap). Use the #2 tool to summon protecting ghouls, then the #1 tool to survey the building.

The Light of Dawn quest is a long, confusing, scripted event in which you will eventually be converted from the Death Knight faction (xxx) to Argent Crusade, and are ported to a new version of Ebon Hold which is now in the real EPL; you are free to roam the world as an alliance/horde toon.
