#### Notes

Level columns indicate the level to craft the item, and the character level required (if any) to use the item.
"S:" = "Schematic:"
Eng. Only: "Y" means Engineering is required to use the crafted item as well as the schematic
Vendor "Sells" prices with an asterisk (eg: *6g) indicate a limited supply.
AH (Auction House) prices are rounded - they will vary greatly over time and between servers and factions
Vendor prices are based on Neutral reputation. Discounts are Friendly: 5%; Honored: 10%; Revered: 15%; Exalted: 20%
BoP (Bind on Pickup) items can be sold to a vendor but not at auction
"random" means the recipe may drop from any creature in the area mentioned (also known as a "world drop")
"various" means there is a list of specific creatures (too many to list here) that drop the recipe (also known as a "static drop") (see WoW databases)
