Legend

Requirements: Faction, Level, Prequisites; Unfriendly, Neutral, Friendly, Honored, Reversed, Exalted

Px = Phase x

(Gn) in the Quest Name: the quest text recommends a Group of (n) players. Eg: G2 is recommended for 2 players.

Quest Chains are numbered. Omitted numbers mean intermediate quests provide NO reputation points for this faction

Locations

There are rumoured to be several Missing Scouts - we found one on the waterfall at the bottom end of Bor's Breath

Quest text is excellent for giving directions to objectives.

Creteus is found patrolling the southern edge of the Engine of the Makers, the huge man-made cavern in the centre of the Storm Peaks map.

Drom Frostgrip is in the Frostgrip's Hollow cave near the west end of Bor's Breath glacier

Notes

The Frostborn faction is one of four Alliance factions comprised in the Alliance Vanguard. Reputation starts at Neutral (0/3000).

Strangely enough, the quest line is started by Lagnus, who is an Explorer's League representative. You may have to turn in the Ancient Relics quest first.

Players interested in Warcraft lore will appreciate this quest series, which reveals the true identity of the dwarven NPCs in the final quest, "The Brothers Bronzebeard"
